Aerial yachting will become popular in the near future. Glenn H. Curtiss has produced a marvelous craft, called Flying Boat because it combines most of the characteristics and all the advantages of the speed motor boat, the made here this year, 54 to 22. Cornell was small yacht and the practical flying machine. The aeroplane surfaces of this craft are similar to the Curtiss biplane | the first to score, when G. Halsted made and the fusclage, or body, is in the form of a strongly constructed 26 foot boat. This is fitted with wheels which may be used in case the operator wishes to arise or alight upon the ground. It may be used as a speed boat entirely and the speed may be regulated to suit the operator. It is capable of 50 miles an hour on the water, but this speed may be reduced to two or three miles. This craft weighs 1,000 pounds and can carry 800 pounds in addition to its own weight. The flying boat is to be one of the attractions at the Motor Boat Show, which is to be held in Madison Square Garden February 15 to 22. It will occupy quite a large space in a prominent position in the big exhibition.

Annapolis, Md., Jan. 18.—The St. John's players of Brooklyn gave the Naval Academy basketballers a hard fight this afternoon, but were defeated 55 to 30. Tracey, Priscell and Crenny did some excellent team work, their passing being the, best a Navy opponent has exhibited this year, but the shooting for baskets was not accurate. Crenny had to his credit two remarkably long shots for goals. In blocking, covering and general team

The Boys High basketball team won from Erasmus yesterday at the Forty-seventh Regiment Armory by a score of 26 to 21. Erasmus started with a badly crippled team, as two of the regulars got lost and did not show up until the second half. Despite this the score stood 9-7 in favor of Erasmus at the end of the first half. In the second half Erasmus had no difficulty in keeping the lead until the last three minutes, when four shots from the middle of the floor by the Boys High forwards turned defeat into victory. Erasmus then went to pieces and three fouls made Boys High's victory secure.

An extra period of five minutes was played and in that time Princeton scored twice, winning the game by a score of 7 goals to 5. The game was played in the St. Nicholas Skating Rink, which was crowded with the supporters of the two universities. It was a typical college crowd and rooting was hard and noisy all through the contest.

through the contest.

The game was a fast, clean one. Only two players were sent to the side lines by unswerving administrator of sen-in hockey games, William C. Rus-These two were Gore and Heron, both of Yale, who were caught tripping and each sat for two minutes on the bench doing penance for his sins. Perhaps the greatest surprise was that

during the contest. That was the last one to count and in making that Baker showed some of his real form. In the second half McCall went on the Princeton defence in place of Lee. Two minutes after the half started Kuhn made a pretty goal, scoring on a lift shot from the centre of the rink. Then there was a

score again, 5 all.

An extra period of five minutes was played after a short rest. The rest did wonders for the Princeton team. Fatterson scored after twelve seconds, and nearly four minutes later Baker made his spectacular rush and put victory out of reach of the Yale team.
